PETITION UNDER 37 C.F.R. 1.84 TO ACCEPT COLOR DRAWINGS

Attorney Dkt. No.: 2105-00401

Date: December 9, 2003

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

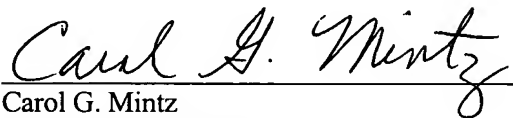

This is a request under 37 C.F.R. 1.84(a)(2) and (b)(2) to accept Figure 6A-E, which are color copies of photomicrographs, in lieu of black and white drawings in the above-identified application.

Applicant is submitting herewith (1) the fee set forth in § 1.17(h); (2) three sets of color drawings; (3) a black and white photocopy accurately depicting to the extent possible, the subject matter shown in the color drawings. The specification contains or will be amended to contain a proper reference to the existence of drawings executed in color, as required by 37 CFR § 1.84(a)(2)(iv).

The use of color is necessary because it is the only practical medium by which to depict the variations in biological staining of tissues relied upon in the specification to describe certain subject matter sought to be patented.

The Commissioner is authorized to charge the \$130 petition fee to deposit account number 03-2769 of Conley Rose, P.C., Houston, Texas.

Respectfully submitted,

Carol G. Mintz
